Dear Ellen,

Hope you are doing well.

Thanks for submitting your film "Justin and the Werloobee" to Dokufest 2021.

We have watched all the submissions, but due to unknown times we didn't know what and how we are doing the festival for that reason we were a bit late with decisions.

Finally, we have decided to go on physical version and continue with our plans.

I'm writing to you regarding your film "Justin and the Werloobee" that we found it quite suitable for our kid's section called "DokuKids" and wanted to ask if we can include it in this program?

The Dokukids program is a noncompetitive section dedicated for kids up to 12 years and is free of charge.

We would very much appreciate it if you can allow us to screen your film and send us a screening copy in h264 or Prores format before 15th of July.

Please reply to us for positive or negative answer in order to know and continue with scheduling the screening!

Thanks in advance and support!

Rita Bekqeli
